

## Bird Watching

From our warm Indian Ocean, endless golden beaches, lagoons, estuaries, lush subtropical coastal forests and waving grasslands, right up to the mighty Drakensberg Mountains, southern KZN offers serious and part-time bird watchers, the opportunity to see and photograph close on 500 bird species across an extensive range of habitat.

Join Innocent, a Bird Life South Africa trained bird guide, on a +/- 2 hours tour through the lush bushes of the South Coast.

Starting the day with some freshly baked muffins Innocent will give you a brief introduction into the world of the birds. Get off the beaten track in search for some of the most beautiful birds of KZN.

End the beautiful walk with a mouthwatering 2-course lunch at the famous The Packshed restaurant.

## Contact

This is a great get together for couples, companies, families and friends! Please bring good walking shoes or hiking shoes, sunscreen, hat and binoculars.

We will offer you a water bottle, a welcome muffin and a light 2-course lunch at The Packshed. Please let us know should you have any special dietary requirements.
